SUCCESSFUL CONCERT AT HILLCREST

A delightful entertainment was staged in Cole's theatre, Hillcrest, on Friday evening last, by the children of St. Theresa's Sunday school. The large audience which patronized the children's efforts showed fine appreciation and simply compelled repeats of many of the features of the show.

Nineteen children took part. The bulk of the work was carried on by the girls, but a group of "Dandy Darters," coal black colored boys, made a big hit with their songs, and drills and marches. These pickaninies from the plantations of Old Kentucky did get a big hand from the audience and well deserved it.

The numbers were, as follows: "The Love of Kitty," a captivating Irish play in one act, and "The Bug Band in the Hollow," by the colored boys. During a change of scene, Miss Lipnicka sang "Mother Macree" in fine soprano voice. Then followed a stately quadrille dance. Agnes Truba then gave a couple of short recitations. Four colliers then danced to lively Irish music and sang the "Dear Little Shamrock."

"Rock-Candy Mountain" was sung in character costume by the girls. Wallace Bardock, as a drole little old man in beard and whiskers, gave a couple of short sketches which were well received. "Come Back to Erin" was sung by Miss Balkwill, while the actors were getting ready for the stately and beautiful dance called the "Lancers."

This difficult but beautiful dance, so new to the young people, was performed with fine rhythm and beauty. It was vociferously encored. The Dandy Darters then did their stuff and got a great hand. "Ramona" was sung by the whole group of girls in Spanish costume. It was pretty and took well. Then a tableau of all the children wound up a fine show with "O Canada" and "God Save the King."

Mr. John Stubbs was heard in some excellent violin work. Joe Jasbee and Tom Beynon provided the accompaniments in their respective lines, violin and piano.

Changes of costume for the various pieces helped not a little for number had its special costume. It number had its special costume. It is not exaggerating to say that the young people surprised and delighted their friends. A couple of old timers after the show, were heard to remark: "I didn't think they could do it!" to which the other answered: "You never know just what you can accomplish until you try."

The children taking part were as follows: Misses Annie Lipnicka, Margaret and Agnes Truba, Lorna Balkwill, Irene Belostotsky, Helen Carpenter, Loretta Boettli, Irene Forby, Helen Zooya, Louis Belostotsky, Edie Simon, Tony Lesson, John Sharreita, William Panek, Wallace Bardock, Sam D'Amico, Tony Rossi, Dick and Douglas Norton and Johnnie Semanick. Many of these young people are pupils of Mrs. Percy Salt in vocal and instrumental music, but for this particular entertainment they were directed by Mrs. F. Balkwill and Mrs. J. Semanick, who received much compliment on the effective work of the boys and girls.

CARD OF THANKS

The Hadwell brothers, of Bellevue, desire through The Enterprise to express thanks for many beautiful floral tributes of respect and for sympathy with them in the loss of their brother, William James Powell. Particularly do they wish to thank Dr. C. G. Reinhard and Nurse Munroe for excellent service rendered.

Cautious, Prophet — Increasing cloudiness followed by rain and probably Sunday.—Weather forecast in a Saturday issue of the New York Journal of Commerce.

DEATH OF MINER ACCIDENTAL

The accident which befell Mr. William James Powell in the mine at Bellevue on Thursday last ended fatally, he passing away, following intense suffering, in the Bellevue hospital on Saturday at 4.15 a.m.

Mr. Powell was stepbrother to the Hadwell brothers, of Bellevue, and had only been out from the old country a short time. He was employed in the Bellevue mine as a brakeman or coupler.

An inquest was held in the Oddfellows' hall at Bellevue on Saturday evening before Coroner F. J. Turner, with the following jury: Edward Christie, foreman; Joseph Ellison, W. N. Underwood, Harry Meade, James Fisher and Joseph Fitzpatrick.

Witnesses examined were: Dr. Reinhard, Fred W. Utley, S. McIntosh McDonald, Joseph Grammacia, Harry Blake and Albert Padgett. In attendance were: W. G. Hesley, mines inspector; Noble McDonald, mine superintendent; Ludwig Maurice, representing the Bellevue miners' union, and W. L. Warke, stenographer.

According to the evidence, the accident occurred at about 11 o'clock on the morning of March the 21st, while Powell was in the act of coupling a trip of cars. He was crushed between two cars, sustaining severe external and internal injuries to the body.

After a brief absence, the jury returned with the following verdict:

"We find that William James Powell came to his death in the Bellevue hospital at 4.30 a.m. on March 23rd, 1929, as a result of injuries received by him near Chute 151 in the Bellevue mine, by being crushed between two mine cars on the 21st day of March, 1929."

"We recommend that the Mines Act be strictly enforced in future in connection with the coupling of trips in the mine."

"We release all persons from any blame in this connection."

Funeral took place on Sunday afternoon, service being conducted at the home and at the United church by Rev. J. W. Smith B.D., of Blairmore. The remains were laid to rest in Bellevue cemetery.

The sympathy of all people of the district is extended to his bereaved mother and brothers at Bellevue, and relatives in Wales, G.B.

BLAIRMORE MAN RECEIVES IMPORTANT APPOINTMENT

It is announced that Mr. John McAndrew senior, of Blairmore, has been appointed to succeed the late Duncan McDonald as superintendent of mine rescue cars and stations in Alberta. He will enter upon his new duties on May the 1st.

ADVERTISING DOES THE TRICK

Blairmore, Alta. March 28 1929.
The Blairmore Enterprise,
Blairmore, Alberta.

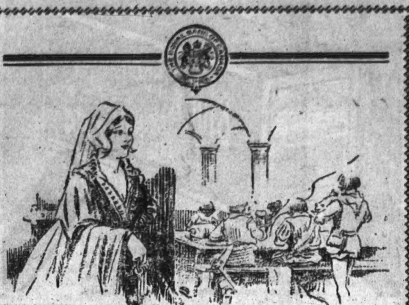

Gentlemen—Enclosed please find list of Used Cars for our ad in this week's issue of The Blairmore Enterprise.

We advertised four cars in your paper last week, and since the ad appeared, we have sold three of the four cars advertised, as well as a number of other cars we had in stock.

The results are gratifying and proves that it pays to advertise to get people to come to our show room, and then give them honest values for their money.

Yours very truly,
Crow's Nest Pass Motors,
Per L. L. MORGAN.

All stores will be closed Easter Monday

Management

THROUGH good management the modern woman, just as the chataleine of old, holds in her hands the keys to plenty: only to-day good measure comes through prudence in money matters.

The woman who says: "I can't afford it—I am saving," will say later on: "I can afford it—I have saved."

High in World List

Canadian Banks Among Leaders in Amount of Deposits

In a table made by the California Bank, Los Angeles, is found the interesting fact that the Bank of Montreal ranks tenth in amount of deposits in a list of 150 of the largest banks of the United States, Great Britain and British Dominions. The rank of the banks in this list is based on the deposit in dollars to the end of the past year.

The five leading banks on the list are located in London, and the next five in New York. The next two are located in Canada. They are the Bank of Montreal, and the Royal Bank of Canada. Down the list to the sixteenth name is found the Canadian Bank of Commerce.

The paid up deposits, according to this tabulation, for the largest bank is \$1,920,278,204. The Bank of Montreal has a deposit of \$733,489,278, and the Royal Bank \$703,202,003.

Minard's Liniment for the Grippe and Flu.

By means of a secret chemical compound, German vessels made a town completely invisible in six seconds with a smoke cloud 300 feet high and 600 yards square.

NEW APPOINTMENT

R. HENDERSON.

who has just been appointed Canadian National Railway's Industrial Agent for the Alberta district, with headquarters in the station at Edmonton. Expanding industries in the west, and eastern concerns which are looking to the opening of western branches, will be assisted by Mr. Henderson, who will do for Alberta what Mr. Roblin and Mr. Chambers, both recently appointed, are doing for the Saskatchewan and Manitoba districts. Mr. Henderson entered the services of the National system in 1912.

To Improve Maple Industry

Producers in Canada Will Ask Legislation from Government

An organization has been formed of Canadian producers and manufacturers of maple products which will submit to the Dominion Government a request for legislation to improve the condition of the industry. The chief demands will be for more stringent laws against adulteration; inspection to prevent adulteration; and a campaign of publicity to secure greater consumption of maple products in Canada.

The Royal Canadian Golf Association has decided to hold the Canadian Amateur Championships on the Jasper Park Lodge course this year, from August 19 to 24.

All patterns 25 cents, in stamps or coin (coin preferred). Wrap coin carefully.

SUNDAY SCHOOL LESSON

MARCH 31

THE FUTURE LIFE (Easter Lesson)

Golden Text: "Be thou faithful unto death, and I will give thee the crown of life."—Revelation 2:10.

Lesson: Matthew 23:1-16; Mark 12:36, 37; Luke 21:1-12; John 14:1-6; 1 Corinthians 15:3-20, 50-53; 1 Thessalonians 4:13-18; Revelation 22:1-5.

Devotional Reading: Psalm 23:1-6.

Explanations and Comments

The Resurrection Of Christ, Luke 24:1, 2.—Early on Sunday morning after the crucifixion of Jesus, Mary Magdalene and other women came to the tomb where His body had been laid, to embalm it with the spices they had prepared. All the way they had been worrying about the great stone that blocked the entrance to the tomb. "They could not move it, and who would be there to move it for them? But when they came within sight of the tomb, lo, they saw that the stone had been rolled away. Christ had risen. "Why seek ye the living among the dead?" were the words they heard. Was it true? Jesus was not there. What was he? They half feared and half believing. And then they met him. What he was the same Jesus, and their fear and doubt vanished. He was risen, even as He said.

"We no longer fear what lies beyond the grave. We know that we do not reside here, that we pass through death to another life. We know that we shall live again, and in that knowledge we lose our fear and find hope and joy."

"May Easter Day To thine heart say, Christ died and rose 'for thee'."

"May Easter night On thine heart write 'O Christ, I live to Thee.'"

The Promise Of Christ, John 14:1-3. "Believe in God, believe also in Me." In spite of everything the disciples must "trust in the goodness of God and in their Lord's own loving thought of them. Faith is still the cure for heart-trouble, the sure reliance in anxious moments. Not a nominal faith in the existence of God, but an active, overmastering belief in His goodness and wisdom, and in His overruling all things for good, is faith that will keep the heart from despair in times of danger and dread.

"'Twas the Master Himself who said To the sorrowful little band, Facing an hour of darkness That they could not under-

To Asthma Sufferers. Dr. J. M. Kellogg's Asthma Remedy comes like a helping hand to a sinking swimmer. It gives new life and hope to someone who has come to believe impossible. Its benefit is too evident to be questioned—it is its own argument—its own best advertisement. If you suffer from asthma get this timely remedy and find help like thousands of others.

Contention Is Right

Issuance of laundry receipts in Chinese will be illegal in New York State, if a bill recently introduced by Assemblyman Mark C. Kelly, of Utica, is passed. It provides that every laundry establishment, upon receiving clothing, shall issue a receipt in English, retaining each article received. Said Assemblyman Kelly: "A Chinese laundry ticket does not mean a thing to the recipient if he is a one-language American."

A Corrector of Pulmonary Troubles. Many testimonials could be presented showing the great efficacy of Dr. Thomas' Electric Oil in correcting disorders of the respiratory processes, but the best testimonial is experience, and the Oil is recommended to all who suffer from these disorders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes.

Cloves came from the Indies and take their name from the Latin clavis—meaning a nail, to which they have a resemblance.

The onion first came from India. The onion was almost an object of worship with the ancient Egyptians.

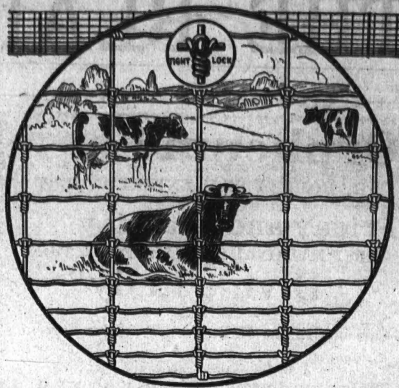

Could Not Sleep Heart Would Start Pumping and Pounding

Mrs. Fred. P. Averill, 136-12th Ave., Calgary, Alta., writes:—"I was bothered so much with my heart I could not sleep. I would wake up in the night screaming, and my heart would start pumping and pounding. A neighbor lady told me to try

MILBURN'S HEART NERVE PILLS

so I started taking them and I can truthfully say I am a different woman. Altogether I only took two boxes."

When Cunarders Carried Cows

Present of Steamship Travel

Amazing facts are given by E. D. Breton, of London, England, who writes of the past and present of steamship travel, and refers to the famous old "Britannia," which was the first steamer to cross the Atlantic on schedule, and which was the product of the imagination of Sir Samuel Cunard, of Halifax, Nova Scotia, founder of the Cunard Line. For instance, the Britannia was the wonder ship of her day, yet described by the inimitable Charles Dickens as having a saloon "not unlike a gigantic barn," with sleeping berths comparable only to coffin. Her staff comprised two stewards, a cook, a kind of cabin boy and the navigation crew. She carried a cow abroad to supply fresh milk. Her bathroom would have disgusted any traveller of today, and may have disheartened many prospects of those middle eighties.

Gone is the Britannia. Sir Samuel is gone too. Today the monuments to the man and his crude little steamers are the famous Cunarders which ply across the Atlantic to and from Great Britain, and Europe, and Canada, and the United States, and cruise into the seven seas, and the world with their red funnels topped by a black band.

For instance: the world's fastest liner, the Cunarder "Mauretania," voyages along at about 30 miles per hour. The Cunarder "Berengaria" houses 4,000 souls, and carries hundreds of bathrooms for passengers who can either pay the same old Britannia ticket price for accommodation undreamed of in those days, or pay as high as \$6,000 for luxury that kings could not get in days gone by. Passengers can now hold swimming parties in the ship's pool, stage balls, or send facetious messages by wireless to friends ashore. They tread on the Cunarder "Aquitania's" three miles of carpet, benefit by her 10,000 electric lights, and 1500 push balls, and are cheered by her 2,000 yards of silk damask wall coverings. Hectic travellers cross the Atlantic in about four days from New York on the Mauretania and marvel at her feats, which has lasted 22 years, and at her record of total mileage which runs into the million.

Sultan's Son a Fiddler

After looking in vain for a rich American girl to marry and restore his shattered fortune, Prince Abdul Kadir, the son of Sultan Abdul Hamid, who today might be sultan of Turkey had not Mustafa Kemal made that country a republic, has sought permission from the minister of labor to play a gypsy orchestra as a violinist.

It is estimated that British workers spend \$150,000,000 yearly in travelling between home and place of employment.

The peach originally came from Persia.

Use Minard's Liniment for the Flu.

Will Maintain High Quality Of Beef

Grade Must Be Satisfactory To Receive Government Brand

As soon as the necessary inspectors can be appointed at local points, the Federal Livestock Department will inaugurate a policy of branded beef, with the Federal Government responsible for the maintenance of high quality of the brands which it approves. In order to qualify under this scheme of Government certification, the beef must have been slaughtered in a Government-inspected abattoir and bear the Government inspector stamp. It shall then be submitted to the Government inspector and, if satisfactory grade, the brand of quality will be affixed to it. The beef must then be retailed through an establishment approved by the Government.

Reindeer For Canada

A cable from Stockholm states that a consignment of 300 live Swedish reindeer has been shipped to Canada through a Norwegian port. This is the largest shipment of the sort ever to go forward.

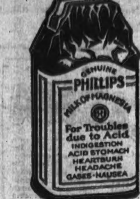

What Will you do

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there are almost daily needs of its comfort. And any night you find your baby restless, a bottle of Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It is always ready, always safe to use, in emergencies of the day or night that Baby becomes fussy or restless. Castoria was never more popular with mothers than it is today. Every druggist has it.

Fletcher's CASTORIA

Indigestion

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude herbs. Use what your doctor would advise.

The best help is Phillips' Milk of Magnesia. For 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

CHAPTER XVII.—Continued

Men hurried to do his bidding. When the stretcher bearers leaned down to lift the inanimate body, Hoop-la fiercely intervened. "Let him alone," he said savagely. Stopping, he picked up the light form and bore it down the hill to their bed in the rough log shack. Donald forced a few drops of brandy through the dying man's colorless lips. Blackie stirred feebly. His eyes flickered open, and he smiled as he recognized Hoop-la.

"Give me your hand," he whispered faintly. "I'm rinning' my last high-lead, old pal. I guess God'll be good to us rough-necked." He gasped painfully. The irregular breathing ceased; his eyes became fixed and glassy, his jaw sagged.

Hoop-la sat motionless, the hand of his dead friend held in his warm clasp. Slowly his head dropped forward and his big frame shook with dry racking sobs. Doctor Paul came in hurriedly. In answer to the look of interrogation in Donald's eyes, he shook his head sadly.

Donald and Wilkinson tiptoed softly to the door. They were unshaken of the tears that made furrows down their blackened cheeks. Sick at heart, utterly overcome by this tragedy, Wilkinson sank dejectedly to a seat outside the cabin door and covered his face with his hands.

There came a sudden patter of raindrops that drummed on the roof of the cabin. Wilkinson stood erect with arms stretched wide. "Rain!" he cried. "The merciful rain! Thank heaven!" He stood with face upturned for an interval, enjoying the pelting downpour, then turned to look in the cabin door, a deep and brooding sadness in his bloodshot eyes.

"Donald," he said gently, "the newspaper account of this fire will mention the fact that a logger was killed. A logger—yes—men like Blackie are the backbone of this country, the salt of the earth. Will people ever learn?" he continued, in a voice vibrant with deep emotion. He pointed to the blackened skeletons of trees blackened and charred and branchless save for the gibbet-like limbs stuck out from the naked trunk. "Think of it! All this—the snuffing out of a valuable life—a veritable hillside changed to a charnel-house of dead trees and blackened stumps on bare rocks—the loss of thousands of dollars worth of valuable timber—all this caused by the careless dropping of a lighted cigarette!"

CHAPTER XVII.

Donald's announcement that Labor Day would be celebrated at Lake Day would be celebrated at Lake Day was received with good-natured approval by the men of the camp, who spoke of the coming event as the "dry" holiday. The rain, which had

Guard Against FLU—Sore Throat The First Warning.

Few families will escape. This epidemic constitutes a real danger. Health authorities everywhere warn the public of the danger of the common cold. "Flu" usually starts with Sore Throat. Unless the germs are killed by some antiseptic treatment a serious malady may develop.

A simple treatment is to gargle the throat three times daily with Nerville. The antiseptic properties of Nerville quickly destroy the germs in the throat. Of course if the chest is sore Nerville should be rubbed over the affected area—lots of rubbing—it can't burn a blister, but will bring out the congestion and break up the cold.

To prevent "Flu" or colds from gaining headway Nerville will prove most effective. It is hardly necessary to point out that the bowels should be stimulated, and the system purged of all waste materials. For this purpose Dr. Hamilton's Pills are recommended. They act without gripping or hurting of any kind. This combination treatment of Nerville and Dr. Hamilton's Pills will prove a very satisfactory prevention for Gripe, Flu, etc.

Connie stood outside the door before a small mirror hung on the rough log walls of the house. She was attempting to place her heavy hair in a knob at the top of her head. A page cut from a magazine was fastened to a log near the mirror. She studied the photograph carefully, then returned to the attack with renewed vigor. But she could not get it to suit her. She tried and tried, but the heavy shining coils would elude her slender fingers and fall in a golden cascade over her slight shoulders. Her efforts to reach a satisfactory result brought her to the verge of tears. She stamped her little foot impatiently. At last she got it arranged in a fair semblance to that of the envious admirer. The attack was so startling that Donald fairly gasped. The child of the moment was transformed, as if by a fairy's wand, to a woman of wondrous grace and beauty.

Connie perked her head, saucily, then half smiled to show her small milk-white teeth; apparently she was pleased with the reflection she saw in the glass. From the clothes-line she took a flour sack that had been split open and washed to be used for drying dishes. Draping this over her waist line, she pinned it securely. Assuming a haughty pose, she walked past the mirror with a stately, undulating movement. The little artist was so perfect in her mimicry that Donald's lips involuntarily formed the word "Jane!" Twice she passed before the tiny mirror with a regal step, her head turning with its characteristic bird-like motion to catch the reflection.

Gradually the queenly pose slipped from her. She stopped abruptly, throwing out her arms with a forlorn gesture. Her golden head fell forward. Two big tears welled from her blue eyes and ran down the small freckled nose. Her small hands plucked convulsively at her faded blue overalls. A sob like a stab pain shook her slender body. One arm came up slowly to cover her tear-wet face as she threw herself face forward on the grass. Her slender shoulders were shaking with such an agony of weeping that Donald's throat felt constricted and his eyes grew suddenly dim.

Her spotted cayuse, grazing nearby, raised his head at the sound of Connie's hysterical sobbing and moved to the small figure of his mistress. With ears bent forward and a look of bewilderment in his soft eyes, he nuzzled her neck with his velvet nose. Then, sighing "Famee," he nudged her brown hand came up to pat his head lovingly.

Donald tiptoed softly back to the trail. He stood for some time with his hand on the saddle, his head bowed in deep thought. "Poor little kid," he said gently, then whistling a lively tune, he slowly retraced his steps to the cabin. He entered the clearing just in time to see Connie as she disappeared in the timber across the field. He did not wait to know that he was aware of her flight, so he knocked loudly on the door and shouted her name. A raven croaked derisively from the top of a dead tree. The pony raised his head to eye him silently. Connie's pet deer came around the corner of the barn, a look of gentle questioning in her beautiful big eyes.

Donald rode slowly back to camp. Connie's distress had touched his heart; her heart-breaking sobs were still ringing in his ears. "It is not that Walnwright does not love his daughter," mused Donald. "It must be that he is very poor."

"Don't see how I can help," his thoughts ran on. "One can't very well suggest to a father that he buy clothes for his child."

Andy rang the lunch-bell, and there was a wild but good-natured scramble for the tables.

A long table had been arranged in the big dining-room for the officials, and Janet's party to which Donald had invited Mr. Walnwright.

"Did you find Connie?" queried Walnwright.

"No," lied Donald. "I couldn't find her."

Janet's friends were having a merry time. There was laughter, jesting and gay repartee from all sides. Douglas was in his element, his quips and brilliant sallies keeping the diners in a continual uproar.

As Donald glanced around the big table at the laughing faces of the gay party, he tried to visualize Connie dressed as one of these fashionably-clad girls who represented Vancouver's "younger set." The vision he conjured caused him to smile dreamily.

Janet had manoeuvred to secure a seat beside Donald. In spite of all her artful contriving, she had been unable to have more than a few words with her father, but her general superciliousness toward her arrival. She noticed the dreamy smile on his face and wondered what could be the cause.

W. N. U. 1778

PIMPLES CAUSED SEVERE ITCHING

On Face, Neck, Hands and Head, Cuticura Healed.

"My skin trouble started with pimples on my face, neck, hands and head. The pimples were hard, large and red, and itched and sore, causing great discomfort. They also caused severe itching and burning, and I could not sleep at night with the pain. The trouble lasted about two months.

"I tried several other remedies which did not give me any relief. I began using Cuticura Soap and Ointment and they helped me about a few applications, and in two weeks I was completely healed." (Signed) Miss Violet Gibson, Hager, Alberta.

Use Cuticura to clear your skin.

Soap, 25¢; Ointment, 25¢; each box, 25¢. Sold everywhere. Sample each free. Address: Cuticura Dept., J. W. & Co., Montreal, Quebec. Cuticura Shaving Stick, 25¢.

"You seem rather distraught," he said with an arch smile, her dark eyes fixed on his. "Aren't you enjoying yourself?"

(To Be Continued.)

Infalible Finger Prints

System Used By Scotland Yard Has Been Greatly Improved

The use and importance of finger prints in the detection of crime is emphasized in a book published by Sir Edward Henry, former commissioner of the Metropolitan Police.

The number of identifications made during 1927 was more than 34 times greater than the largest number effected in a year by the old method. This depended on the unchanging measurements of parts of the human frame.

At Scotland Yard the ring finger of each hand is recorded and the alips are divided into 64 sub-groups. A search among 100,000 sets of prints can be made in less than six minutes by a practiced officer.

He carries in his eye the salient features of the slip he is looking for and can search for it as rapidly as his hand is able to turn over the record slips.

Appointed To Railway Board

John A. Stoneman Will Succeed Hon. Frank Oliver

John A. Stoneman, Saskatoon, Sask., has been appointed as a member of the board of railway commissioners to succeed Hon. Frank Oliver, who recently retired.

Mr. Stoneman is a past president of the United Farmers of Canada, and is at present a member of the Royal Grain Commission, appointed by the Saskatchewan Government to enquire into conditions affecting the grain trade.

It is understood that Mr. Stoneman will take over his new duties on the conclusion of the work of the grain commission.

Bristling With Thirteens

Superstitions People Should Avoid
American Silver Quarter

Londoners have a deeply rooted idea that five shilling pieces are unlucky.

It is very hard, says a writer in Pearson's Weekly, to find the origin of this queer idea, yet it is an absolute fact that many waiters and waitresses have even to handle a five-shilling piece owing to their fixed belief that it will bring ill luck.

If it were the American silver quarter dollar, one could understand the superstition, continues the article, for surely, of all coins ever minted, this is the most risky. The quarter is twenty-five cents, which roughly corresponds to our shilling, and it simply beams with thirteens.

It has thirteen stars, thirteen letters in the scroll in the eagle's beak, thirteen feathers in the eagle's tail, thirteen parallel bars on the shield, thirteen horizontal stripes, thirteen leaves on the olive branch, thirteen arrow heads and thirteen letters in its name "quarter dollar"—an amazing collection of thirteens!

A PERFECT MEDICINE FOR LITTLE ONES

Baby's Own Tablets Should Be In Every Home Where There Are Children

The perfect medicine for little ones is found in Baby's Own Tablets. They are a gentle but thorough laxative which regulate the bowels, sweeten the stomach, drive out constipation and indigestion; break up colds and simple fever and promote healthy and refreshing sleep. It is impossible for Baby's Own Tablets to harm even the newborn babe as they are absolutely guaranteed from opiates or any other injurious drugs. Concerning them Mrs. Earl Taylor, Owen Sound, Ont., writes: "I have four children and have always used Baby's Own Tablets. I can never without the Tablets in the house as they are the best medicine that I know of for little ones."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Discover Old Observatory

Instruments, All Of Stone, Are In Excellent Condition

Workers, digging a cellar in Buelton, Stockholm, discovered an old observatory which archaeologists declare dates from 1181 B.C. A stone circle with markings showing observations on the sun's positions throughout the year served as a chronicle.

The instruments, which are all of stone, were found in excellent condition, and a fair measure of solar altitude can be made even now. Several museums are bidding against the observatory for the possession of this old Nordic relic.

A telephonic service between Stockholm, Sweden and Buenos Aires, Argentina—a distance of 8,062 miles—has been inaugurated.

Little Helps For This Week

"Not my will but Thine be done."—Luke xxii. 42.

Whatever my Father wills is best. Delight or suffering, toil or rest, Thine eye, and Thine alone, can see What I should have, and do, and be. I only ask that I may know The way which Thou wouldst have me go; That I may will in Thine may lose; That what Thou, Lord, for me shalt choose, I, too, may choose.

—C. W. Harris.

There are no disappointments. It has been said, to those whose wills are bound up in the will of God.

—The Light of the Conscience.

The General Sherman Big Tree in the Sequoia National Park, California, estimated to be at least four thousand years old, is still producing an annual crop of cones from which fall millions of fertile seeds.

The first book to be written by a native Canadian was written by a woman and published in 1501. Since that time some 600 authors have published books, many of them of world-wide renown.

Ward Off Flu and Pneumonia

Resist colds and coughs. Stop them before they start. BUCKLEY'S Cough Syrup. It has a most beneficial effect on the growth and development of plants and chickens and on the well-being of cattle, enabled for the first time to have healthy light instead of "darkness in their sheds."

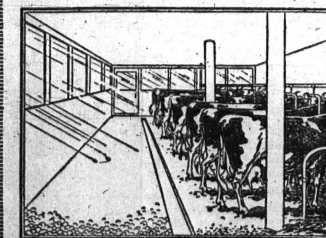

Indeed, the discovery of WINDOLITE has during the last six years completely revolutionized gardening, giving a new stimulus to poultry breeding, increasing the egg-laying capacity and fertility of chickens, has greatly improved the health of cattle and is now being used in domestic and household requirements.

WINDOLITE

The Improved Glass Substitute

MADE IN ENGLAND

COMES WITH A MESSAGE OF HEALTH

WINDOLITE stands for 100 per cent. sunlight. It makes light strong windows for cattle sheds, dairy stables, poultry houses, brooders and all out buildings. It is economical, unbreakable, durable and easy to cut and fit. It is now being successfully used for sunrooms, verandahs, schools, factories, hospitals, sanitariums, hot beds, plant coverings and greenhouses. It keeps out cold, will not crack or chip—cuts with an ordinary pair of scissors and is easy to fit. WINDOLITE is supplied in rolls any length but in one width of 36 inches only. A square yard of WINDOLITE weighs about 14 lbs., while a square yard of glass of ordinary thickness, weighs about 135 to 150 lbs. The improved WINDOLITE requires no varnish. WINDOLITE is made in England.

Price \$1.50 Per Square Yard, f.o.b., Toronto.

Blairmore, Alta., Thur., Mar. 28, 1929

CALGARY BOARD OF TRADE
—TAKES IMPORTANT ACTION

In an effort to induce the people of Ontario to burn Alberta coal, the following letter has been broadcasted to consumers throughout that province, in which action they ask the whole-hearted co-operation of everyone interested in the coal industry of Alberta. Their letter reads as follows:

"Sirs—We want you to know something about Alberta domestic coal, which has kept our homes warm and comfortable under the most severe weather conditions; therefore it should be more efficient in Ontario. Our furnaces and chimneys are the same as yours.

"We do not need to tell you that the most of the money you spend for Alberta coal will go back to Ontario for your manufactured goods, so that when you buy Alberta domestic coal you are not only buying a clean and efficient fuel, but you help two provinces, your own and ours as well as yourself.

"Please phone your coal dealer. Tell him you want a load of Alberta coal. If you burn it according to directions, you will tell us it is the finest coal you have ever used."

It is suggested that all parties writing to friends in Ontario should urge upon them the importance of this matter.

WILL COMMENCE SEASON'S
ROAD CONSTRUCTION

A start will be made on Alberta's 1929-1930 program of highway construction as soon as weather conditions permit, announces Hon. O. L. McPherson, minister of public works. The work to be undertaken will involve an expenditure of some \$1,500,000. The travelling of the road between Macleod and Pincher Creek has already been started and a number of other projects will be commenced within a short time.

WILL ERECT COTTAGES
FOR SETTLERS

Under an arrangement recently completed between the colonization department of the Canadian National Railways, the White Star Line and the British government, it is planned to construct some ten cottages in Alberta this season for the accommodation of British immigrant families who will come forward as farm labor. Each cottage will be leased at a nominal rental to the family for a period not exceeding two years, during which time it is expected that the settlers will have become established on farms of their own.

LEGISLATURE PROROGUES
AFTER BUSY SESSION

After sitting for approximately seven weeks, the third session of the sixth legislature of Alberta was prorogued on Wednesday, March 20th. Of the eighty-five bills to come before the house, seventy-five were passed as compared with seventy-one last year. Public bills numbered sixty-seven and private bills eight. General satisfaction with the results of the session and the amount of important legislation passed is expressed by members of the government.

The usual synopsis of important acts passed during the session is being prepared by John D. Hunt, clerk of the executive council, and will be ready for distribution within a short time.

THE NAME DOUGLAS FIR

Douglas fir, the largest timber tree in Canada, received its name from David Douglas, the first person to describe the tree to the botanists. Douglas was a Scottish botanist who came to North America in 1823 and spent several years in British Columbia and the north western part of the United States. During this time he discovered many plants. The Douglas fir was first discovered by A. Menzies, the surgeon for Vancouver, who discovered British Columbia. It was introduced into Europe, however, by Douglas.

WESTMINSTER GLEE SINGERS

Referring to the programme of the Westminster Glee Singers, who are to appear at the Coleman opera house on Tuesday, April 9th, the Red Deer Advocate says:

"Every number was encores at least once, and some several times, at the concert given by the Westminster Glee Singers at the Crescent theatre last night. On their first visit here last July, these artists made a very favorable impression with their perfect mastery of the technique of superb singing, and the reputation made then was worthily sustained.

"Last night's program, in keeping with its title, 'Songs of Our Forefathers,' consisted entirely of songs of at least a generation in age, some of them dating from the sixteenth century. While the program was predominately English, there were Scotch and Welsh numbers, the traditional Welsh air, 'The Ash Grove,' being perhaps the most beautiful melody of the evening. Sailors' chanteys, folk songs, glees, madrigals, a couple of short anthems, the Russian 'Song of the Flea,' and even a song by our English Bluebeard, Henry VIII., set to music by Sir Arthur Sullivan, were included. Humor of the very funniest kind was not lacking, and the satisfaction of the audience seemed to be fairly well universal."

The Newfoundland state convention of the Knights of Columbus will open at the new city of Corner Brook on May the 24th.

Don't forget Rod La Roque in "Captain Swagger." Dramatic and thrilling picture—it will thrill you, from start to end.

The bells that boom in the spring, tra-la! Don't sound so sweet in the fall, ha-ha! See "Just Married," at the Orpheum next week.

Orpheum Friday and Saturday, "Divine Lady," special production. It's big and thrilling. You'll say it when you see it. Don't miss it.

Come and have a good big laugh. A blushing girl, a blushing boy, the knot is tied and then, oh, boy! Just see this comedy drama next week, "Just Married," at the Orpheum. You'll enjoy it.

Dr. H. M. Tory, who occupied the position of president of the University of Alberta from its organization until last year, and now head of the Dominion Research Bureau, has recently been appointed president of the League of Nations Society of Canada, succeeding Sir George Foster.

Alterations being made to the Palliser hotel at Calgary, including the addition of four more stories to the present building, will involve the expenditure of approximately \$1,700,000, according to a statement made by E. W. Beatty, president of the Canadian Pacific Railway.

Lads who cannot stay through a picture show without having to light a cigarette should pay a visit to Calgary or some other place where their like are compelled to have respect for the public. They would promptly be escorted to the exit by a police officer. The practice is becoming far too common in Blairmore and unless halted soon the police will have to interfere.

No one can deny but that the parents of quite a few children are commercial travellers. Which also reminds us that Wall Eddy must have at some time visited Jasper National Park, for one of the saddle ponies there, and a really spirited one, is named "Hellfire."

Gentlemen, please forget about the local guy who had forgotten where he stored his car in Calgary and had to return home by train.

Now that spring cleaning of the home surroundings are in order, thoughtful husbands will be found on the golf course.

Strenuous Job—Competent girl for general housework and cooking of a practical nurse, immediately—Ad in a Pueblo (Col.) paper.

Mr. H. A. McVicar, of Hillcrest, who has been confined to his bed for a few weeks by illness, is able to be around again.

In the Chevrolet six-cylinder line just announced is seen one of the most important developments in recent motor history—the production of a powerful and attractive six in the low price range hitherto occupied exclusively by fours. Among the seven new models offered are the coach and sport cabriolet, seen above together with the fully enclosed valve-in-head motor.

This motor develops 48 horsepower—33 per cent more than its four-cylinder predecessor. The factory states that "speed has been stepped up to safety maximum requirements."

• Notable features are gasoline pump instead of vacuum tank

fuel, adjustable driver's seat, water temperature gauge on dash, and special accelerating pump which operates when the accelerator is depressed.

The announcement of the new

car reveals that Chevrolet engineers began four years ago the research work, planning and proving ground testing which culminated in the new car. More than 100 different motors are said to have been built and tested.

Drumheller coal is to be shipped to Flin Flon, where other coal has been selling for as high as \$50 a ton.

One might add that golf is a game in which the ball lies every way and the player always.

A cow owned by Alfred Rasmussen at Canwood, Saskatchewan, gave birth to five calves, only one of which lived.

Inquisitive Old Gentleman: "My little boy, have you no better way to spend this beautiful afternoon than by standing in front of the gate idling away your time?"

Small Boy: "I ain't idling away my time. There's a chap inside with my sister, and he's paying me sixpence an hour to watch for pa."

The class composition was on "Kings," says the Boston Transcript, and this is what one boy wrote: "The most powerful king on earth is Working; the laziest, Shir-king; one of the worst is Sno-king; the wittiest Jo-king; the quietest, Thin-king; the thirstiest, Drink-king; the slickest, Win-king; and the noisiest, Tal-king."

The C.P.R. are effecting decided improvements to their roadbeds and other properties in this district. In addition to building a twenty-five-foot additin to the Blairmore freight shed, attention is being directed to improving the roadbed and grades. For this purpose, a large steam shovel and ballast train have been brought into commission, the gravel being taken from a pit west of Coleman to the west, and heavier material from the Frank Slide. The big dip in the grade west of Frank station and on to the west of the Blairmore boundary is being practically eliminated. The tracks at the Frank bridge, near the old Sanatorium, are being raised several feet and the old tile bridge structure is being replaced by a substantial steel bridge.

Mrs. E. Piccarillo, and her son Steve, motored in from Spokane last Sunday and are spending a few days with friends in Blairmore.

Few people are aware of the fact that the inventor of the well known Oliver typewriter was born in Canada. The inventor of this machine, one of the first typewriters made, was Thomas Oliver, a native of Woodstock, Ontario. He founded the Oliver Typewriter Company, formerly of Chicago, Illinois, and now of Woodstock, Illinois, a place fifty-one miles north-west of Chicago.

SECURE SEATS EARLY!—Those who intend to hear the Westminster Glee Singers in Coleman opera house on Tuesday, April 9, would be well advised to purchase their tickets well in advance as there has already been a heavy advance sale, and the best way to ensure securing a seat is to purchase either a reserved seat or a general admission ticket at Blairmore Drug Store, or Rushton's store at Coleman. This is the finest singing organization which has ever toured Canada.

The programme of the fifth annual Crows' Nest Pass Musical Festival has just been completed at The Enterprise office and will be distributed in the course of the next few days. A complete copy of the programme appears in this issue of The Enterprise and it will be noted is considerably larger than that of last year, though it is hoped to conclude the festival in three full days. There are about forty more entries than last year. The attendance this year promises to beat all records. Already large numbers of reservations have been made at hotels in Blairmore and vicinity by parties who will come in from points between Macleod and Fernie for festival week. The night programmes this year have been made particularly attractive and no doubt will be well patronized.

"Now, children," said the school teacher, "can any of you tell me of a greater power than a king?" "Yes, ma'am," cried a little boy, eagerly. "Very well, you may tell the class," replied the teacher. "An ace!" was the unexpected reply.

Luxurious travelling comfort on the Canadian Pacific Railway's crack western trains, the Trans-Canada and the Mountaineer, will be enhanced this year by the operation of solarium lounge cars. Nineteen new observation cars are now under construction and will be completed in time for the opening of tourist trade in May. At the present time "solarium cars" are operated on only a few deluxe trains across the border. The new cars will include a women's lounge and bathroom and men's smoking room and bathroom, and a buffet equipped with a soda fountain, quite a number of years.

Many people around this part of the country are placing little credence in the stories told by a couple of Hillcrest gentlemen, who while spending a few days in Calgary, were sadly bereft of their surplus cash. Various forms of excuses were concocted to relate to wives upon their return, and what seemed most believable was that the coin had been foolishly invested in oil stocks. However, this is, we learn, far from correct; for what really happened was that the two parties concerned, being greenhorns from a small hamlet, left their room door unlocked or unbolted and some guy or guys less honest than they could not resist the temptation of slipping in and helping themselves to the precious dough. "Would not surprise us if some parties in The Pass, who got to learn of what happened in Calgary, might try a similar trick at Hillcrest, taking it for granted that 'greenhorns' offer the same opportunity everywhere.

Real USED CAR Bargains

to open the Second Week

Every Used Car HAS to Go this Month!

IT'S never been done before! Never, in all motor car history, have all the Chevrolet dealers in Canada got together to slash Used Car prices and clear out their entire stock in a single month.

Here they are . . . good Used Cars . . . taken in on the Outstanding Chevrolet . . . bought right, kept right, priced right.

Now the New Chevrolets are coming to meet the spring deliveries . . .

And every Used Car has got to GO! That's why we've made it worth your while to buy now!

It's an opportunity nobody's ever had before . . . an opportunity you may never have again. One week has gone. Act now!

\$388.00

Subscriptions reaching the Committee after issuance of this Programme will be acknowledged through the Press.

SPECIAL ITEMS

In addition to medals, cups and other prizes shown elsewhere in the Programme, the following Special Prizes are donated:

The Chardon Cup

For the highest marks obtained in Violin, donated by Miss Madeleine Chardon.

The Moser Cup

For the highest marks obtained in Piano, donated by Mr. W. H. Moser.

RULES

Contestants will please note that their numbers, following the items on the programme, are those on the Registration Cards. Items will be called by number and not by name.

Please bring your Registration Card with you. All contestants will be admitted free to the morning and afternoon programmes on producing their Registration Cards. All adults, except those taking part in that particular programme will be charged the regular price for the evening programme.

No competitor may try the piano prior to the competition of which they are a part. THIS RULE MUST BE STRICTLY ADHERED TO.

ACCOMPANISTS—Competitors providing their own accompanist may secure admission ticket for him or her on application to the Secretary.

Where a tie takes place for 1st or 2nd place, two medals will be given and no prize required.

COMPETITORS ARE REMINDED—Where competitors have the choice of their own music, an extra copy must be provided for the Adjudicators, which must be forwarded to the Secretary at least two weeks before the date of the opening of the Festival.

OFFICIAL ACCOMPANIST

Mrs. A. L. Freebairn, of Pincher Creek, will be in attendance throughout the Festival as Official Accompanist, and her services will be available to any competitor who is without an accompanist.

PRICE OF TICKETS

Mornings and Afternoons	Evenings
Adults 25 cents	Adults 50 cents
Children 15 cents	Children 25 cents

ACKNOWLEDGMENT

The Festival Committee wishes to express its appreciation of the loan of a Mason & Risch Grand piano for the use of the Festival, contributed by Mason & Risch, Limited, of Calgary.

MONDAY MORNING

McDonald, Leona; Blairmore " 248

In Ancient Germany

In the first century of the Christian era we find the art of brewing known to the Germans. Tacitus in "Manners and Customs of the Germans", states that beer was their usual beverage and from his description there can be no doubt that the method of converting barley into malt was well understood.

Today malt beverages
ALE — BEER — STOUT
are considered Health
Drinks.

Where BEER has once been introduced, it
has generally become the national
beverage. Ency. Brit. on "BREWING"

This advt. not inserted by the Alberta Liquor Control Board or the Government of the Province of Alberta.

He staggered home about 3 a.m., took off his shoes, crept silently upstairs, into bed. "Safe," he murmured, as he fell asleep.

But when he awoke he found that

he was in the wrong room. Not his wife, but the pretty new maid, lay near him.

"I say," he gasped; "I'm awfully sorry; all a mistake, you know." It

would never have happened if I had come home sober."

There was a world of meaning in her voice as she asked: "How often do you come home tight?"

The gentlemen of town have been invited to attend the "Ladies' Night in a Turkish Bath."

"Mother, there's a blind man at the door."

"Tell him we don't need any." (Better read this again)

Mr. and Mrs. LeGal have left Coleman for Vancouver, where they will in future reside. They have resided on a ranch west of Coleman for in a Turkish Bath."

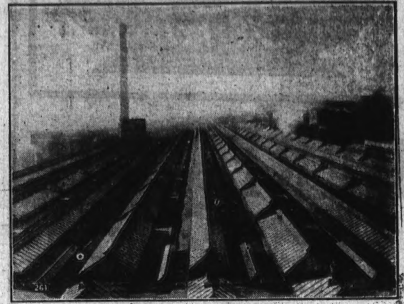

Miss Jessie Starr, twenty-year-old Fernie girl, was killed in a motor accident at Spokane. The driver of the auto was also killed. The body has been taken to Fernie, where inquest takes place tomorrow afternoon.

Seven baby pigs which were not noted on the original bill of lading afforded a problem for Edmonton express officials recently. J. W. Hamer, of Alx, Alberta, consigned a sow to G. W. Sortridge, Elk Point, Alberta, by express. The express form was marked, "pig, female, one." Enroute to Edmonton the pigs were born. Express rules and regulations were studied, and it was disclosed that the company was responsible for the transportation and welfare of the entire family. The trip was broken until the family was able to resume the trip.

The Great-West Canadian Folksong, Folkdance and Handicrafts Festival, to be held at Regina, March 30-31, will not be devoted entirely to the cultures of other than people of British origin, notwithstanding that eighteen different races will be represented. Here we have some of Jean Gault's pupils in a Welsh Folk Dance. Scotch and English folk-songs and dances will also be interpreted, and the Irish, too.

Over Two Hundred Trains Daily

The glass covered passenger train shed at Windsor Station, Montreal.

The largest in Canada and comparing very favorably with some of the largest in the United States, the Montreal Terminal of the Canadian Pacific Railway have 40 miles of double main track, six of single main track, 15 switching and delivery yards, over 300 private individual sidings and three interchange tracks with other railways, making a total of over 250 miles of track. An average of 125 passenger and 100 freight trains are handled daily, the number varying at different seasons. Nearly 3,000 freight and passenger cars are moved every day. 51 transfer and yard engines are in service 24 hours of the day and frequently additional locomotives are required. Between 3,200 and 3,500 men are employed constantly.

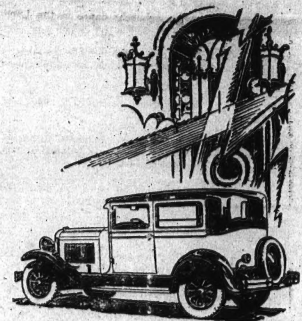

There are two large passenger yards, Glen Yard at Westmount, and Place Viger, of which the former is the larger and more important since it takes care of all incoming and outgoing trains to and from the Windsor station. An average of 90 trains enter and leave the Windsor station and an average of 40 Place Viger Station daily which means that 65 outgoing trains at least, have to be switched daily, their cars made ready, inspected, watered, iced and cleaned in preparation for their journey.

Freight traffic is more difficult to handle than passenger. Of the 15 switching and delivery yards, Sortin, Outremont and Hochelaga are the largest. Incoming trains are taken in the receiving yard; outgoing in the classification yard and cars held for orders or repairs in the hold and repair yard.

An important feature of freight traffic is the prompt placing of all loaded cars onto the various private sidings, public team tracks and freight shed tracks throughout the city so that the various consignees can take delivery of their shipments as soon as possible after arrival in the receiving yards. Prompt placing of empty cars for loading is another important feature, as is also prompt movement of cars loaded in the city for shipment elsewhere. During the navigation season an average of 400 cars loaded with packages freight for export is always waiting to be unloaded. Further, during the grain movement season, there is always an average of 1,000 cars of grain on hand.

Heavy traffic means constant attention to insure maximum of safety. The main line tracks are laid with 100-lb. rail and rock-ballasted. Nearly 200,000 new ties and 2,800 gross tons of rails were laid in the main line and yard tracks during 1927 without causing a minute's delay to traffic. There are four engine houses on the Terminal, each with stalls for from 24 to 36 engines and on the average 186 trains are dispatched every 24 hours for passenger and freight trains. There are on the terminals 233 buildings, 123 bridges and culverts and many hundreds of drains along the right-of-way.

Take a lesson from the woodpecker. WANTED—A saleslady, must be decent—till after Easter.

EXCLUSIVE In All Save Price

WHAT are the characteristics which entitle a car to the term "exclusive"? You'll find them all—except price—in this finer Oldsmobile. Style? Smart original Fisher Bodies—headlamps mounted on chromium-plated standards—equish cadet-type vision—impressive, deep radiator with new heraldic emblem. Luxury? Rich and costly upholstery—deeper, softer seat-cushions—adjustable drivers' seats—amazing completeness and quality of appointments—synchronized arrangement of springs and Lovejoy Shock Absorbers.

Engineering? Features undreamed-of in any but the higher-priced cars. Smooth, 62 h.p. Oldsmobile six cylinder engine. Pressure lubricated piston-pins. Exactings standards of precision throughout.

In all but price, this finer Oldsmobile is truly an "exclusive" car—a car for people who appreciate niceties of design, of luxury and of performance.

Yet prices now are lower than ever!

ELKS' LODGE WILL STAGE
"THE BEAUTY SHOP"

The amusement loving public of Blaimore and district have enjoyed many first class "local talent" offerings in years past and have long ago been convinced that our local artists can provide a very fine evening's entertainment. Our local Lodge of Elks, however, have now in preparation what they are quite sure will prove the most pleasing and most pretentious affair of the kind ever given in this district. They have brought professional directors and producers to Blaimore, and have a huge cast and chorus of more than sixty ladies and gentlemen hard at work both night and day perfecting the lines, music and dances of "The Beauty Shop," the famous New York and London musical comedy success of a few years ago. This is a bright and modern comedy in three acts and three scenes, written by Channing Pollock, author of "The Sign on the Door," "The Fool," "The Enemy," etc., and enjoyed long runs in both New York and London with Raymond Hitchcock as star. The music is said to be exceptionally bright and tuneful while the lines and story running throughout the three acts are guaranteed to cause the most staid and "hard-boiled" citizen to burst into uproarious laughter. The producers bring with them more than two hundred costumes and special scenery for the three acts, and a high class metropolitan production is promised in every particular. The dates are April 11th, 12th and 13th, at the Blaimore opera house.

We might mention that this same production scored tremendous success in the Grand theatre, Calgary, playing four performances to capacity audiences, also in the Orpheum, Vancouver, and the Royal Victoria, at Victoria.

BLAIRMORE PUBLIC LIBRARY

The Library is open to all on Tuesdays from 7 to 9 p.m., and on Saturdays from 2 to 5.30 and 7 to 9 p.m. The Library is yours—make use of it.

A fee of One Dollar is charged to provide an income with which to purchase new books.

Mrs. D. M. J. Conway received word of the death of her aunt, Miss M. M. Hall, West Kensington Gardens, London, England. We understand that the major portion of the estate of the late Miss Hall is bequeathed to Mrs. Conway and her daughter, Miss Hall, who was in her 87th year, was the granddaughter of Col. Boyle-Hill, who was one of the British officers at the Battle of Waterloo.—Edson-Jasper Signal, March 21.

Fire has been discovered in No. 1 east mine at Coal Creek.

Mrs. James Paden is a visitor from Todd Creek today.

AT CHARDON'S, this week end—Fresh Strawberries and cream, fresh strawberry shortcake and strawberry sundae.

A coincidence: Last night the Bellevue Players staged their comedy play, "Looks Like Rain," at Hillcrest. Today it is raining torrents.

Pitter Kroil, of Frank, has engaged with W. M. Bush, to learn the trade in the fire and battery service department.

W. M. Bush, who has been confined to his rooms for the past week or more with a severe case of lagrippe, is able to be about again.

No man expects a great deal from marriage. He is quite satisfied if his wife is a good cook, a good valet, an attractive audience and a patient nurse.

"It would be a good thing," declares Pete McPherson, "if girls did not wear complexions while dancing." But, hang it, they must wear something these arctic evenings, poor dears!

Large numbers of members of the Knights of Columbus attended the meeting held in the Elks' hall here on Sunday afternoon last, when they were addressed by Mr. W. A. Wells, representative of the Supreme Council.

Notice of application for appeal against the conviction and fine of \$1000 imposed on the Lethbridge hotel, for keeping the beer parlor open after hours, has been filed. The hearing of the application will come up on April the 2nd.

On The Enterprise billboard today are the following announcements: dance in the Union hall at Hillcrest on April 1st; dance in the opera house, Blaimore, on Friday, April 5th, under auspices of St. Luke's church; dance in the Lundbreck hall on Tuesday April 2nd, under auspices of the Lundbreck girls; auction sale at Cowley, Saturday, March 30th.

At the recent annual session of the Grand Temple of Pythian Sisters at Calgary, three of the chief executive officers were chosen from the Pass district, namely: Mrs. Cora Glendening, of Coleman, grand chief; Mrs. Elizabeth Hutchison, of Hillcrest, grand mistress of finance, and Mrs. Jean K. Gray, of Blaimore, grand mistress of records and correspondence. Such recognition is coming to this corner of the Alberta domain, for no organization is making better strides than Pythian Sister lodges in this district.

COWLEY HAPPENINGS

Mr. James Leigh has returned from a Calgary business trip.

A very successful apron sale and tea was held at the home of Mrs. A. G. Swart under the auspices of the Ladies' Aid on Saturday afternoon last, when seventy-seven dollars was added to the Union church fund here.

Ed. Dionne suffered a broken arm while working in the Dionne sawmill on Monday the 25th. The arm was caught in the conveyor belt. He was immediately rushed to the Hillcrest Hospital and is getting on favorably under the care of Dr. Rose.

A musical concert was held in the L.O.O.F. hall on Friday night last, under the auspices of the Women's Auxiliary. All numbers were rendered well and in pleasing style, each being encored. The programme was in part as follows: Trio, Doris McEwen, E. Baines and A. Tustian (piano, violin and banjo); piano solo, "Circling Round," Sylvia Murphy; gypsy dance, Jean Wells; trio, Ketha Tustian, Jack Cowin and B. Bouthillier (piano, violin and cello); violin solo, Jack Bundy; piano duet, Marion Morrison and Metta Swart; dance, Marjorie Key and Jean Wells; reading, Miss Cole; recitation, Billie Ritsen; song, Marjorie Key; violin solo, Sandy McEwen; recitation, Etta Price; trio, Ketha Tustian, Gordon Swart and A. Tustian (piano and two violins); violin solo, Verdian Leigh; trio, Ketha Tustian, T. Williams and A. Tustian (piano and two violins); vocal solo, Ketha Tustian. Mrs. E. Grove acted as piano accompanist for several of the above selections. Rev. Mr. Blunt was chairman for the evening. Around fourteen dollars was added to St. Aiden's English church funds.

SOUTH ALBERTA ORATORICAL
CONTEST, CALGARY, APRIL 4

Competitions for Southern Alberta in the oratorical contest will take place at Calgary on April the 4th. Judges as follows: Judge J. A. Jackson, Lethbridge; Walter Huckvale, Medicine Hat; Mayor Harold Snell, Red Deer; H. G. McCrea, Hanna, and J. A. Smith, inspector of schools, Calgary.

Youthful winners from fourteen districts throughout the south will gather to deliver their orations for the honor of representing this section of the province in the Alberta finals which will take place in Edmonton on Friday, April 12. Those students who have already won the right to participate in the semi-provincial finals are now busily engaged in brushing up the speeches which have already brought them victory in their respective districts.

Following are the fourteen candidates who will engage in the wordy battle:

Rose Wannop, Nanton.
Lillian Drew, Picher Creek.
Gwyneth Roberts, Taber.
Walter B. MacDonald, Red Deer.
Wilfred Poxton, Carbon.
Edward Bredin, Carleton Place.
John Garnett, Strathmore.
Clyde Gilmore, Medicine Hat.
Arthur Clarke, Camrose.
William Epstein, Calgary.
Helen Scott, Innisfail.
Jean Benedict, Hanna.
Millicent James, Carbon.
Queenie Brandy, Bassano.

The draw for the order of position in which the candidates will speak will be made by Mayor F. E. Osborne, of Calgary. This will be done in advance of the contest and announced prior to the event. Rooms have already been reserved for the students at the Hotel Palisier and plans for their entertainment are also under way.

Out of all the world, she picked him, or he picked her. Anyway they're "Just Married," and they're in love, which makes everybody laugh, because love is funny, especially when they're daffy about each other. See this picture at the Orpheum next week.

BLAIRMORE UNITED CHURCH
Rev. J. W. Smith, R.D., Pastor

Serve the church that the church may serve you.

GOOD FRIDAY

Service in the Church at 8 o'clock. Mr. Geo. Smith, recently from England, will assist the pastor at this service. The subject will be "The Death of Jesus." Next to the resurrection of Jesus, the death of Jesus is the greatest part in history. What does His death mean to you?

EASTER SUNDAY

SENIOR SCHOOL at 11 a.m.
JUNIOR SCHOOL at 2 p.m. The young folks invite the senior school and the congregation to a Special Easter Children's Service. All who love children will enjoy this afternoon service very much. Dedication of children to God will take place in infant baptism. Offering toward the missionary work of the Church.

EASTER SERVICE 7.30 p.m. The Pastor will conclude the series of sermons on the Great Hymns of the Cross. The triumphant hymn "Christ, the Lord is Risen Today" will be the subject. Reception Service for new members will be followed by the Sacrament of the Lord's Supper. Special Easter music is being arranged.

UNITED CHURCH, HILLCREST

Service in connection with the Hillcrest United church will be as follows:

Good Friday, March 29, at 11 a.m.
Easter Sunday at 11 a.m., the Sacrament of the Lord's Supper will be administered. At 7.30 p.m., Evening Service, at which a reception of members will be held.

ST. LUKE'S, BLAIRMORE

Thursday, March 28th—Choir practice at 8 p.m.

Good Friday, March 29—Evensong.
Easter Day, Sunday, March 31st—Holy Communion at 9.30 a.m.; Evensong at 7 p.m. Easter hymns and solos by Grace Wheatcroft and Mr. Wootton.

Please do not forget the dance in Friday, April the 5th, in the opera house. All members should try and attend.

A garlic eating contest was staged at Memphis, Tennessee—and not too far away at that.

IN MEMORIAM

In Loving Memory of Mamma and Dad, who died March, 1924.
"Thy purpose, Lord, we cannot see; But all is well that's done by Thee. Better in heaven, far better than here, Only we miss them we loved so dear."
Inserted by Lilly, Bessie, Tom and Albert Crowder.

One Nation, Two Cultures

The Dominion of Canada is a great heritage. It has many great problems to solve in order to achieve its destiny. Before Governments and people can successfully cope with these problems the citizenship of the Dominion must become imbued with, fully accept, and earnestly practice the "Spirit of Confederation" which animated the leaders in the public life of this country sixty odd years ago. The names and memories of the Fathers of Confederation are held in honor, not only for what they achieved, but because of the true patriotism expressed through real sacrifice by which union became an accomplished fact.

It is no light matter to speak of the Spirit of Confederation. It was a very real thing. It breathes through every utterance of the men who found it necessary to sink political differences, submerge personal views and convictions, abandon policies dear to their hearts, and accept compromises falling short of what they desired. But they did it, knowing that only so could disaster for British and Canadian interests be averted and the future of the Dominion. This is Canada's challenge to the British flag be assured. It was this spirit, which alone made Confederation possible and carried it successfully through the stormy early years.

This same spirit is just as vitally necessary in the life of Canada today as it ever was in the past. Without it the Dominion could not have had its being; without it the Dominion cannot continue to exist.

The great challenge which Canada presents to the world at large, and, of course, most vitally of all to her own people, is not in the material realm of trade and commerce, but in the spirit of the people of the Dominion composed as they are of two great races, two distinct forms of religion, speaking two languages, and the product of two cultures. Canada's challenge to the world is to be found in our success or failure to consistently live up to the Spirit of Confederation and make it a living vitality in the life of the Dominion. This is Canada's challenge to the world, for the issues of world peace or war are wrapped up in the solution or exactly similar problems in the nations of Europe and across the Pacific.

The problem before the Fathers of Confederation was whether the existence of two races, two languages, two cultures in Canada was an insurmountable obstacle to the creation of a single united nation, and whether such a nation could exist on the basis of that fact. Their decision was that such a nation could exist, and they laid down the formula in the British North America Act. Confederation became an accomplished fact, and it has not only survived but progressed and grown to an amazing extent.

There is one Canadian of French race and language for every two Canadians of English race and language. How shall both feel that common love for home and soil which is the soul of nationality? Both races have traditions, a past of their own. On what principle and to what ends may both races have a common national future?

These vital questions cut clean through the whole of our national life today, just as they did prior to and at the time of Confederation. Shall the people of Canada, with so vast an estate to develop in common, with so great a part to play in elevating the quality of living, and so noble an opportunity awaiting them alike in the British Empire and in the sphere of international relations, always be faced with the menace of racial discord, of attacks by one race on the integrity of the other, of recourse to embittered disunion or rights that should be secure, or wrongs that should have been corrected, when scores of social and economic problems are crying out for solution? Race is like a car left with its engine running. The slightest touch will put it in gear and set it speeding towards some bitter accident.

In the nineteenth century Lord Durham's policy was the "obliteration" of the French-Canadian. The policy of the Fathers of Confederation was the recognition of the identity of both races, both languages, both religions, both cultures. Their ideal was one nation, two cultures; one nationality, two languages; one loyalty, two races.

Which policy was correct? To obliterate a whole people, or to form a nationality in which the identity of two peoples might be secure, free, developing? The Fathers of Confederation had the only practical policy, the only policy that would ensure peace, make the progress of Canada possible, and establish a new nationality in British North America.

Small Suns Compose Stars

Partially Eclipse Each Other Every Twenty-Four Hours

In Castor's solar system there is a star of the ninth magnitude known as C. It is composed of two small suns, each about half as massive as our sun, but little more than half the diameter, though of much greater density. They appear to be dying down into the planetary stage, or burned-out condition, for they shine with a reddish light and possess a much lower surface temperature than our sun. This pair of twin worlds in the making are at an average distance apart of 1,700,000 miles, and they appear to revolve round one another at great speed in about twenty hours, partially eclipsing each other every time, as seen from the earth. We do not see the effect of these eclipses until forty-three years after they occur, owing to the great distance (2,730,000 times that of our sun) of this marvellous solar system of Castor.

VITAMINS

Everyone needs them to support growth or to protect the body against germ-infection.

Scott's Emulsion

abundantly rich in vitamins is of great importance in all run-down conditions of the body. Scott's Emulsion builds strength.

Fellowship Honor For Manitoba Professor

Dr. Buller Will Be First F.R.S. In Prairie Provinces

Dr. A. H. Reginald Buller, head of the department of botany, University of Manitoba, has been selected for the fellowship honor by the Royal Society of London, England. He is one of 15 candidates on whom the honor will be conferred in May, and will be the first F.R.S. in the prairie provinces.

Dr. Buller has been carrying on research work in connection with wheat for 32 years and his valuable contributions to science in this respect caused him to be singled out for the honor. He is the author of various books dealing with wheat rust fungi.

It Has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, relieve the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself.

There are 320 foreign consuls and consular agents in Canada with the royal of all J. M. Owen, the United States consular agent at Annapolis Royal, N.S.

In one month, last year, 100,000 New York families, involving at the lowest estimate 300,000 people, moved from one apartment to another.

Minaud's Liniment prevents Flu.

Wool By Aeroplane

Australian Company Considering This Means Of Transport

Transport of wool by aeroplane is being considered by Australian Air Services, Ltd., in districts where camel caravans are now employed. The company in Melbourne has already received a request from a station owner in Northern Victoria for specifications and an estimate of cost of a freight plane to carry his wool over a difficult 500 miles of the journey to the nearest seaport. The transport of freight in the district in which the station is situated costs about £30 per ton, and a plane will be able to transport freight over the distance in a day whereas several weeks are often required.

Toes Made Comfortable

Sore Corns Removed

Quick, safe relief is almost instantaneous if you apply PUTNAM'S "JOHN EXTRACTION". Sore corns, blisters or hurt. One single drop of Putnam's stops the pain. A few applications make the corn dry up and drop off. Putnam's Corn Extractor gives satisfaction. Thousands use it every day. Get a bottle from your druggist. Refuse a substitute for Putnam's the one sure relief for sore corns.

Can See Two Oceans

The inhabitants of Costa Rica say that the only place commanding a view of the Atlantic and Pacific oceans is the summit of Mount Barú, situated in Cartago Province. The mountain is 12,600 feet high, and the Costa Ricans assert that on a clear day it is not difficult to see the waters of both oceans with the naked eye.

DO YOU SUFFER FROM RHEUMATISM

For Relief You Must Reach the Root Of the Trouble In the Blood

Sufferers from rheumatism who have found their condition unrelieved or actually growing worse while using other remedies, would do well to try Dr. Williams' Pink Pills. The tonic treatment with this medicine has proved in thousands of cases that it builds up the blood to a point that enables it to cast out the rheumatic poisons through the regular channels, the bowels, kidneys and the skin. When this is done rheumatism is banished and as long as the blood is kept pure and rich there will be no return of the trouble.

That Dr. Williams' Pink Pills do what is claimed for them is proved by the case of Mrs. Elsie A. Muma, Barrie, Ont. who says:—"I was a helpless invalid for a year with inflammatory rheumatism. I had medical treatment and took many baths, but with no result. Naturally I felt utterly discouraged, and was suffering greatly. Then one day I read in a local paper of a case similar to mine, in which great praise was given to Dr. Williams' Pink Pills, and I decided to give this medicine a trial. It is now with the greatest pleasure I write to tell you that in less than two months after starting the use of Dr. Williams' Pink Pills I was able to get up and walk about, as well as ever I did. I can never praise these pills too highly and I hope that in making my experience public it may benefit some other sufferer."

A very useful book "Building Up the Blood" will be sent free on request by "The Dr. Williams' Medicine Co., Brockville, Ont." Dr. Williams' Pink Pills are sold by all druggists or will be sent by mail, post paid, on receipt of price, 50c. a box. Try them today.

Many western Canadians will make a tour of the Maritime Provinces in June, under the auspices of the "New Outlook," official publication of the United Church in Canada, and the Canadian National Railways.

Neighbor: "What is your son taking at college?" Dad: "All we can send him."

COULD NOT WORK FOR MONTHS

Restored to Health by Lydia E. Pinkham's Vegetable Compound

Fort Elgin, N. B.—"For three months, I was nervous and weak with tired feelings and could not do my work. A friend advised me to take Lydia E. Pinkham's Vegetable Compound and I have not good results from it and recommend it to others."—LITA TAYLOR, Fort Elgin, N. B.

This dependable medicine is sold by druggists everywhere.

Sure Of Hoover's Support

League Of Nations Has Good Friend In U.S. President

What stand will President Hoover take in regard to United States co-operation with the League of Nations? Supporters of the League, while they have practically abandoned any hope that the States will become an active member of the League, feel that in Mr. Hoover they have the strongest support of its policies since the regime of President Wilson.

They base this belief on the fact that in 1919, President Hoover was an urgent advocate of United States entry into the League and that while bound by loyalty to his party to take an opposite point of view he will always remain at heart a strong proponent of League ideals.

It cannot be said that League supporters felt they had a genuine friend in Mr. Coolidge. Practical ignorance or tepid acquiescence was all that could be expected from the former chief executive. Always he appeared to be dominated by the small town point of view of the majority of Americans in his dealing with the League and constitutionally he seemed incapable of thinking on an international plane.

While the new president is also bound by party considerations it is believed that by every means in his power he will strive to represent that sizable minority in his country who fervently advocate closer co-operation with the League in maintaining world security.

Many have been relieved of cornea by Holloway's Corn Remover. It has a power of its own that will be found effective.

Recipes For This Week

(By Betty Barclay)

BREAD PUDDING DESSERT

- 1 package lemon junket.
- 1 pint milk.
- 4 slices bread.
- Butter.

Remove crust from bread, butter lightly and cut in small cubes. Divide the cubed bread among dessert dishes and add a few seeded raisins. Warm the milk to lukewarm—not hot; add the lemon junket. Stir until dissolved; pour over bread. Let stand in a warm place until firm—then chill. Sprinkle with a mixture of sugar and cinnamon before serving.

SCALLOPED DISHES

Four over layers of well-seasoned meat, fish or vegetable enough medium cream sauce to cover. Sprinkle well with buttered crumbs and bake until brown. When combined with starchy dishes such as potato or macaroni, use thin cream sauce. Medium cream sauce calls for 1 cup milk, 2 tablespoons flour and 2 tablespoons butter. Thin cream sauce calls for 1 cup milk, 1 tablespoon flour and 1 tablespoon butter.

There is nothing repulsive in Miller's Worm Powders, and they are as pleasant to take as sugar, so that few children will refuse them. In some cases they cause vomiting through their action in an unclean stomach, but this is only a manifestation of their cleansing power, no indication that they are harmful. They can be thoroughly depended upon to clear worms from the system.

Big Job For Typemakers

Complete Set Of Chinese Type Will Take Seven Years To Produce

Few will envy a certain Shanghai printing establishment which has been working for three years to make a complete set of type, so that 10,000 Chinese characters (most of Chinese alphabets) can be printed.

It will exceed by several thousands the number of characters now being used in the printing of the largest of Shanghai's Chinese newspapers.

Since the single symbol, in Chinese, may express a whole idea, an imposing array of type is required by the smallest printing establishment, and the newest alphabet, which will provide each of the 10,000 characters in five sizes, will be a boon.

Each "letter" must be photographed and the impression from the resulting plate tediously tooled by hand. Four more years will be required to complete the work.

Time For Everything

Have a time and place for everything, and do everything in its time and place, and you will not only accomplish more, but have more leisure than those who are always hurrying, as if vainly attempting to overtake time that has been lost.

Minaud's Liniment for Coughs and Colds.

PROOF OF DYES

is in the dyeing!

Words won't dye a dress, or coat, or sweater. It takes real aniline to do that. That's why Diamond Dyes contain from three to five times more aniline than any other dye—by actual test. It's the aniline in Diamond Dyes that do the work; that give the colors such brilliance, such depth and permanence. It's real aniline that keeps them from giving things that dyed look; from spotting or streaking.

Next time you have dying to do, try Diamond Dyes. Then compare results. See how soft, bright, new-looking the colors are. Observe how they keep their brilliance. Your dealer will refund your money if you don't agree Diamond Dyes are better dyes.

The white package of Diamond Dyes is the original "all-purpose" dye for any and every kind of material. It will dye or tint silk, wool, cotton, linen, rayon or any mixture of materials. The blue package is a special dye, for silk or wool only. With it you can dye your valuable articles of silk or wool with results equal to the finest professional work. When you buy—remember this. The blue package dyes silk or wool only. The white package will dye every kind of goods, including silk and wool. Your dealer has both packages.

Diamond Dyes

Easy to use Perfect results

New Type Of Flying Craft

Being Built For British Air Ministry and Is Nearly Ready For Tests

The London Mail says that a flying machine called a "helicopter" is being built at the order of the British air ministry and is nearly ready for tests.

It is a development of the helicopter, and was invented by Vittorio Iccacio, who in 1917 collaborated with Pescara in making five helicopters. The new machine is designed to ascend and descend vertically and to hover motionless in mid-air.

Traffic Is Increasing

Two New Steamers Ordered For Vancouver-Victoria Night Service

To meet increased freight and passenger traffic on the waters of the Pacific coast, two new vessels of the "Princess" type for night service between Vancouver and Victoria have been ordered by the Canadian Pacific; it is announced by Captain C. D. Neroutos, manager of the British Columbia Coast Steamship service. The two sister ships are to be delivered next year, each having accommodation for 430 passengers.

Yours for the Asking

THESE bulletins and pamphlets were prepared and printed for your use. They contain a great deal of very valuable information—worked out by the staff of scientists employed by the Dominion Department of Agriculture. If any or all of them would help you in your work, or in improving your home surroundings, you may secure copies without cost—simply by marking with an "X" the ones you would like, filling in the coupon below, and mailing this advertisement to us. No postage is required.

Bulletin No. 106
"Sun Burn in Western Canada"—practical methods of sun control—succulent vegetables.
Pamphlet No. 81
"The Combined Reaper-Thresher in Western Canada"—tests of special advantages of present owners—points to Canada in buying.

Circular No. 62
"Empirical Control in Canada"—tells how to select the breeding places of these pests so they cannot multiply.
Bulletin No. 60
"Annual Flowers"—lists and describes the annuals that will grow in Canada—varieties recommended in different sections.

PRIVY COUNCIL MAY INVESTIGATE GRAIN QUALITY

Winnipeg.—Possibility of Canada's "certificate final" on grain shipments to foreign buyers being challenged in the Privy Council of England, looks up.

It is learned here that because of shipments of American barley to Germany during the season just closing, which were finally found to be "badly diseased" and which caused the death of stock to which it was fed, there is quite a possibility of a legal review of the validity of the contract which exists between Canadian and American shippers and the London Corn Exchange, acting as the intermediary on such shipments.

As the facts are now known it is stated that following the death of livestock after feeding on this "diseased" American barley, a board of arbitration was set up in England under the rules of the Corn Exchange before which the German grain exchanges presented their complaint.

This arbitration board, it is learned, has now completed the taking of evidence and will submit the facts, in all probability, to an English court in order that the contract between the London Corn Exchange and the foreign buyers might be tested. It is also learned that no matter how the decision may go an appeal will be taken to the Privy Council.

Under the contract referred to between the trade and the London Corn Exchange, it is provided that the Canadian government grant certificate shall be taken as final; but there is another provision to the effect that this certificate is not a warranty of quality of the shipment unless any defect in the grain is observable upon examination. It is on this provision that the legal representatives of the German grain exchange have taken their case to the British Board of Arbitration, arguing that the defect in the barley shipments from the U.S.A. was observable upon examination and that therefore the certificate, which is the same as the Canadian certificate, is not a warranty of quality.

Should the board of arbitration find this as the fact, it is highly probable that before the Privy Council the Canadian government certificate final might become the subject of close scrutiny, if not, indeed, a legal decision.

The organized grain trade of Canada and the wheat pools of Canada through their central selling agency have it is understood, agreed to the inquiry by the board of arbitration and the outcome of its findings of fact are being awaited with considerable concern and interest here.

Many Perish In Fire

Over Hundred Persons Burned In Russian Theatre

Moscow.—Fire in a wooden moving picture theatre that had but one exit caused the deaths of 114 men, women and children, in the village of Igolniko, Vladimir province, 400 kilometres northeast of Moscow. The film caught fire and the flames spread rapidly through the frail structure.

In addition to the dead, 111 were severely injured and six slightly hurt. Because so many of the victims were parents, the education department has taken steps to care for the orphans. The state executive appropriated 15,000,000 rubles for the bereaved families and will adopt further relief.

Earl Arrives At Castle
Southampton, England.—A loud hasty cheers from employees of the estate and fusillades of fog signals exploded by a truck pushed along the railway line, the "raucher earl," from Alberta, tenth Earl of Egmont, and his son, Viscount Perceval, arrived at the family seat, Avon Castle, in Hampshire.

Important Land Deal
Springwater, Ont.—An important land deal has been completed here by the sale by R. H. Bourk, of 15 sections of farm land to a party of Mennonites. The purchase price is said to be around \$50,000. Mr. Bourk is a prominent farmer of this district, having come here in pioneer days.

Plan Zeppelin Flight
Berlin.—Dr. Hugo Eckener, commander of the German dirigible Graf Zeppelin, states the flight from Friedrichshafen to Rio de Janeiro, Brazil, was being considered for this year.

W. N. U. 1778

Discussing Amount and Duration Of Annuities

Committee Makes Good Start At Reparations Key Problem

Paris.—The experts committee on reparations is making a good start at its key problem—the amount and duration of annuities with which Germany's debt will be paid.

Discussion is strictly semi-official, however, and there are still wide gaps between the hopes and claims of the different parties. But there is a spirit of conciliation in the air which seemed to justify an optimistic outlook on deliberations which soon may reach a plenary session of the committee.

France was credited with the intention of claiming ten billion marks (about \$2,500,000) of an immediate payment which Germany is expected to make.

Belgium, it is stated, will ask reimbursement of six billion marks for alleged worthless foreign German currency which the German invaders left behind.

Great Britain's claims in the first payment are expected to total about four billion marks (about \$1,000,000,000). It is understood that Great Britain will claim that previous agreements do not apply to the claims of the dominion and that she expects further to be reimbursed now for what has already been paid the United States on the war debt account.

Plans Another Trip Over Niagara Falls

French-Canadian Willing To Dare Death A Second Time

Niagara Falls, N.Y.—Joan Lusier, French-Canadian, who successfully made the perilous trip over the falls last summer, expressed a rubber ball, probably will dare death a second time on July 4.

Lusier went over the falls in a specially constructed ball in daylight with more than 75,000 persons witnessing the feat. He was fished from the river two hours after starting his trip by William "Red" Hill, veteran riverman.

Lusier is planning to make the second trip in a vehicle which he calls a "rocker ball." The ball will be six feet in diameter, electrically lighted and so constructed that the occupant will be able to remain upright during the entire journey. It will be heavily padded inside to insure escape from any serious injury.

No Disarmament Conference This Year

Earliest Possible Date Will Be Spring Of 1930

Geneva.—League of Nations circles have informed the press that there will be no possibility of holding a general disarmament conference this year.

The earliest date it was declared at which such a conference can be convened will be the spring of 1930, it is more than probable that it will be well along in the fall before it can be held.

This delay is due purely to the present lack of progress in the preparation for the conference.

It will be necessary to be pointed out that the League's Preparatory Disarmament Commission must have at least two more sessions before agreement can be reached on a draft project for a general disarmament convention.

A Million Dollar Prize

Shanghai, China.—A three cornered contest among wind and waves, Japanese salvagers and hundreds of Chinese pirates for a prize valued at more than \$1,000,000, is taking place off the China Coast, eighty miles from Shanghai, within the Yangtze estuary. The prize consists of the North German Lloyd steamer "Gelsen" which was wrecked on the treacherous Buton Rock.

Alberta House Prerogative

Edmonton, Alta.—The third session of the sixth Legislature came to a close here, March 20, at 5:45 o'clock after His Honor the Lieutenant-Governor William Egbert had consented in the name of His Majesty the King, to the passage of a large number of bills and had formally accepted on behalf of His Majesty the supply granted the House.

Requests For English Charities
London, England.—Several bequests to English charities are contained in the will of R. M. Horne-payne, formerly of the British Columbia Electric Railways, who died here recently. The estate amounted to \$700,000.

Long Search Rewarded

Father Finds Son Stolen About Forty Years Ago

Kansas City, Kansas.—Forty years of search, his life and fortune spent in quest of the babe, his wife who was kidnapped from a cradle, was rewarded when A. A. Whitely, 60, was reunited with his son, F. H. Bixler.

The son, now 41 years of age, is a prosperous farmer of Kent, Ohio. His mother died at his birth.

The child's maternal grandmother, Mrs. Sarah Lewis, ran away with the boy from their home in Emporia, Kansas. A man named Alfred Bixler disappeared from Emporia at the same time. The boy grew up with the name of Bixler.

Danube River Overflows Banks

Families Lose Everything In Worst Flood Since 1872

Bratislava, Czechoslovakia.

Thousands of families along the right bank of the Danube have been bereft of their homes, cattle and other belongings by the worst flood since 1872.

The great river, which is choked with millions of tons of thawing ice, was rising steadily and threatened further disaster.

Church bells tolled along its 1,300 miles length, warning dwellers near its banks to flee for their lives.

MARSHAL FOCH SUCCUMBS AFTER LONG ILLNESS

Paris.—Marshal Ferdinand Foch, famous generalissimo who led the allied armies to victory in the great war, died at his home after a lengthy illness. He was 77 years old.

Although it had long been apparent that the great general was fighting his "last campaign," his warrior heart would not give in and day after day he fought off the inevitable end with grim courage, but a combination of heart trouble, kidney disease and a lung infection were too great at his age.

On February 26, the Associated Press was authoritatively informed that the marshal's death seemed only a matter of days—a week, perhaps, or ten days. But the marshal, with indomitable will, held off death longer than his doctors thought possible. It was sudden collapse of his heart after several days of improvement that brought death to the intrepid warrior.

"The foremost fighter in the great war," displayed in illness the same grit that he had displayed as the commander-in-chief who led the allied armies to victory in the great war.

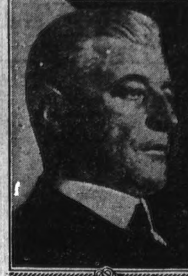

The national funeral accorded him is the sixth in the history of France. The five men who were previously so honored were: Presidents Carnot and Poincaré; Pasteur, the scientist; Gambetta, the statesman; and Victor Hugo, the poet.

Canadian Bank For California

San Francisco, Calif.—Organization of a new bank, the Canadian Bank of Commerce (California), was approved by the state banking commissioner. The action makes the delegation formed of representatives San Francisco branch of the Canadian Bank of Commerce, a separate entity from the main organization, operating under a state charter.

URGES TARIFF REPRISALS

Hon. Hugh Guthrie, Acting Conservative Leader, in the Budget Debate at Ottawa on March 7, urged retaliation by Canada in the foreboding economic brush with the United States.

Hon. Hugh Guthrie, acting Conservative leader, in the budget debate at Ottawa on March 7, urged retaliation by Canada in the foreboding economic brush with the United States.

Prince Decorated By Master Mariners

Receives Temporary Insignia Of Office While Regular One Is Being Made

London, England.—The Prince of Wales at the annual banquet of the Master Mariners, was adorned with a temporary insignia of office, an ornate badge and chain, while the actual insignia in gold and jewels is being made. It was the first meeting in his official capacity with the body to which the King last year appointed him "master."

Cabinet ministers, ambassadors, and many prominent men were present.

The prince, after an allusion to the presence of the high commissioners of the Dominions, announced amid cheers of proposal to make the company an imperial body by increasing its membership by one-hundred.

The prince said he regarded the proposal as a very important move and one which would serve as a great imperial link.

Says Dookhobors Are Not Communists

Look On World As One Community States Peter Verigin

Winnipeg.—Stating that communism, so-called, was nothing but a "changing of seals," Peter Verigin, spiritual head of the Christian community of all Dookhobors, asserted in an interview here that Dookhobors were not communists in the accepted sense of the term.

They looked upon all the world as one community, headed by Christ, and looked upon the country in which they were a community unit.

Mr. Verigin declared that it had not been Dookhobors, but Russians living on the borders of the Christian community and wrongly considered members of it, that had been involved in trouble with educational authorities in British Columbia.

New Submarine Device

Washington, D.C.—The submarine "Lung" device which recently proved successful in tests off the Florida coast is to be furnished to the entire submarine personnel of the navy, it was learned recently. Seven hundred "lungs" have been ordered by the navy for use on its 6,300 more will be called for soon, it was learned.

MY ANGELINE

Evangeline Wells, Grand Fro

low in other days. Wolfe Gilbert and Mable Wayne have given us "My Angeline," based on the "Evangeline" story and, no doubt, many other Evangeline songs will make their appearance and add to the fame of this quaint Nova Scotia valley of apple blossoms. The authors of "My Angeline" were also co-authors of "Ramona," "Chiquita" and many other popular numbers.

Trains Meet In Head-On Collision

Nineteen Meet Death In Train Wreck In Ontario

Ferry Road, Ont.—Through an unexplained error, two crack Canadian National Railway transcontinental express trains loaded with sleeping passengers crashed head-on at Droucourt, a siding 46 miles north of here.

Members of train crews met death when the heavy engines and the baggage cars of the trains were telescoped and passengers in a colonist car on the west-bound train were burned to death, some before the eyes of helpless trainmen and passengers.

Some of the dead may never be identified owing to the fierceness with which the flames devoured all within the car.

Railway officials estimate that 19 persons were killed, though late tonight but six of these, all members of the train crew, were listed among the identified dead.

The passengers burned to death in the colonist car are believed to have been mostly immigrants bound for new homes in the West. Many of them were without relatives or friends in the Dominion.

The colonist car which caught fire was of wooden construction. This type of car is fitted with a stove which passengers are allowed to use for preparation of their meals during the long journey from the seaboard to the prairie provinces. The interior of these cars is wooden. It is believed that the crash overturned the stove and the car took fire from the coals which were spilled out.

The passengers, many of them asleep in their berths when the trains crashed, were caught without means of escape. Emergency trains were sent out from divisional points when news of the disaster was flashed out. The injured were placed aboard and rushed to hospital here. Some died on route.

Representative From India Will Attend National Conference On Education At Vancouver

New Delhi, India.—The National Conference on Education at Vancouver, in April, will probably be the first occasion on which the Indian states have been represented as a separate unit of the British Empire.

Lawrence Rushbrook-Williams, foreign secretary of the State of Patiala and noted historian, is the official representative of the native ruler, and he left for Vancouver on March 22.

ALBERTA FIGHTS PLAN FOR RETURN OF RESOURCES

Edmonton, Alta.—Protesting that return of the natural resources to Alberta on the same basis as their return by the Dominion government to Manitoba and Saskatchewan would be unfair to Alberta, Premier J. E. Brownlee delivered a lengthy exposition of Alberta's position on the subject in the legislature.

Grounds on which Mr. Brownlee objected to the same settlement of the resource question with Alberta as with Saskatchewan, were outlined by the premier as follows:

The Dominion had made Alberta an offer, including the return of school lands and school lands funds; a settlement of the parks question on the same basis as other provinces and an arrangement that, when the financial considerations ultimately were decided upon there would be a transfer of natural resources with the present subsidy but with no increase. This is the same offer made to Saskatchewan, but that province is objecting to continuation of the present subsidy, now amounting to \$750,000 annually, arguing that it should not be used until the subsidy rises to \$1,500,000 annually, the maximum.

It had been suggested that settlement would be made by the Dominion on the same terms with both Saskatchewan and Manitoba, said Mr. Brownlee.

If this arrangement were carried into effect, the net result would be that Alberta's subsidy would remain for all time at \$562,000 a year, while Saskatchewan would receive annually \$750,000 this being entirely due to the accident of Saskatchewan having passed the population basis of the earlier agreement by which a larger subsidy would be paid, even though when the two provinces were created in 1905 there had been no discrimination.

WHEAT GRADING IS SUBJECT OF OTTAWA DEBATE

Ottawa.—The marketing of Canada's 1928 wheat crop came before parliament in no uncertain way recently. Following reports from the west of dissatisfaction with the work of the board of grain commissioners, and the way the crop was handled this year, three resolutions were placed on the order paper of the House of Commons. One asked that in grading wheat, its protein content be taken into consideration. A second referred to the mixing of grain, and a third condemned the board of grain commissioners when the board had not an opportunity to give evidence as to why they ruled or failed to rule in a certain way, I think is unfair.

So far as I am concerned I have found the board of grain commissioners at all times anxious to assist in the administration of the grain act in the interests of the producer. Whether they have made mistakes of judgment or not will be brought out in the evidence before the committee.

He declined to comment as a minister of the crown on a public matter until the latter had been given the opportunity to defend himself. He accordingly urged the application of the committee that its scope be enlarged, be granted by the House. The members of the board would then come before the committee to give their side of the case.

Lacrosse enthusiasts will form a team at Drumheller.

The Altematt Orchestra furnishes music for the Moose Saturday night dance.

Paul Kuschel will open his hotel and chalets at Waterton Lakes on April 1st.

P. M. Christophers, M.P.F. for Rocky Mountain, returned from Edmonton last week end.

Shamrock Pure Lard, 3 lbs 65c; 5 lbs \$1.10, Saturday—BURNS & Co., Ltd.

Several new families have moved into Hillcrest, and house room is now at a premium.

A Calgary firm last week advertised "Bloomer Parts." We've been wondering how many parts are necessary to a pair of 'em nowadays.

The school girl who paints her face and lips doesn't need an education so much as she needs an old-fashioned daddy to apply a shingle to the right spot to make her quit.

Special Prices on Shamrock and Dominion Hams and Bacon for the entire week—BURNS & Co., LTD.

The town of Drumheller has ordered 270 trees from the Western Nurseries, to be planted along the streets and avenues of the town. Here's hoping they will meet with greater success than Blairmore's effort two years ago. Drumheller's order calls for trees of an average height of ten feet.

To make oneself comfortable in an ordinary coupe the other day, we had the seat lowered eight inches. We could then manage to see ahead through the windshield. But there's always something to take the joy out of life, for that day we took a ride over the Hillcrest trail and hit a bump. We've been standing ever since.

Fresh Bolling Fowl, at 28c per lb.—BURNS & Co., LTD.

Rev. J. Willard Litch, of Vancouver, has been called to occupy the position of Baptist missions superintendent for Alberta, to succeed the late Rev. W. T. Freeman. Dr. Litch was for several years pastor of First Baptist church in Calgary, and some years ago occupied the pulpit at an anniversary service of Central Baptist church, Blairmore.

A Calgary man named Ditto is the father of twenty-two children. To simplify matters he has given them numbers and named them all Ditto, thus (" ").

Fresh killed lamb arriving Thursday, at right prices.—BURNS & Co., LTD.

Henry Ford, sociologist: "In common decency the liquor generation should be allowed to die in silence. Its agonies should not be the constant topic of American journals."

A beautiful deer head, killed in the neighborhood of Vicary Creek by Alvin Marsh, has been mounted and presented to the Clarendon Elk lodge.

Fresh pork shoulder steak, per lb 25c.—BURNS & Co., LTD.

Thos. Floyd was arrested in Macleod and brought back to Red Deer on a charge of theft of a gramophone from Gaetz-Cornett's, and two charges of theft of provisions from the Commercial Cafe. J. K. Paul, Calgary, appeared for the accused. The first charge was withdrawn when settlement was made by accused. The Crown understood that the gramophone had been sold by accused, but it was still in his possession. He pleaded guilty to the other two charges, and was fined \$5 and costs—the costs being high, some \$45.—Red Deer Advocate.

Glendale Butter the climax of quality, 2 lbs for 95c.—BURNS & Co., Ltd.

Watch for "Phantom City," next week at the Orpheum. It's a dandy!

Fresh loin pork, Saturday, at 30c per lb.—BURNS & Co., LTD.

Clothes may make the man—the want of them, the flapper.

The honeymoon is that part of a girl's life that comes between the lipstick and the broomstick.

We understand that a reward of nine million dollars is offered to anyone who can see sport in the light Harry Scott sees it.

Women are beginning to ride in airplanes—and their first complaint is that they can't hear themselves talk.

The balsam fir tree has in its bark a series of cavities or blisters filled with a resinous fluid that is known commercially as Canada balsam. Because of its refractive powers it is used in the manufacture of optical instruments and in the preparation of microscopic mounts. There is always a market for it, the price varying with the supply.

A drunkard's nose is a lighthouse to warn others of the little water passing beneath.

At the recent annual session of the Grand Domain of Alberta, Knights of Pythias, at Calgary, the Conybear Cup for degree work was won by a team from Coal City Lodge, Drumheller. At the same session, the sum of \$1000 was voted to Woods' Home at Bowness.

The Fennie city council has declined to accept the offer of the East Kootenay Power Co. for the purchase of the city's power plant.

Fresh Pork Sausage per lb 28c.—BURNS & Co., LTD.

According to a British Columbia paper, women are buying their dresses on the installment plan, and honest to goodness, we have seen some of them around here wearing nothing more than the first installment.

After a visit to the city, a farmer told his friend: "Some of them bank fellers are pretty slick with their fingers. I seen a feller in one of them banks, and blow me if he didn't have to keep a wet sponge alongside to keep his fingers from getting red-hot. He told me so himself."

Fresh halibut, salmon, cod, arriving weekly from the coast, quality unsurpassed.—BURNS & Co., LTD.

Wide publicity has been given to the per capita wealth of Alberta citizens, which, as a government bulletin quotes, amounts to \$3608. Ever since we first read it, we have been looking for the chap who's got our other \$3600.—Clarendon Local Press.

Eggs fresh firsts, per dozen 35c.—BURNS & Co., LTD.
